

**Representing the Faculty of**

**Columbia College &  
Modesto Junior College  
Office: 209-575-6699**

As a faculty member at this college and in this district, you are part of the bargaining unit, but are you a **member** of the Yosemite Faculty Association (YFA)? Since 1976, YFA has been representing you, the faculty of Modesto Junior College and Columbia College, in collective bargaining for better wages, benefits, and working conditions, as well as in disputes and grievances with the District. In fact, YFA has been instrumental in protecting faculty access to quality health, dental, and vision insurance packages at no cost to you and your family, and in gaining a 10% salary increase last year!

For the convenience of faculty, YFA maintains an office in the Library & Learning Center building on MJC's east campus, which is open 8:00 a.m. to 5:00 p.m., Monday through Friday.

For general information, interpretation of contract articles, or resolution of problems, contact our administrative assistant, Geri Wend, at (209) 575-6699. All calls are confidential.

### **Join YFA!**

Only as a **member** of YFA are you entitled to:

- ❖ Vote on contracts
- ❖ Decide who represents you on the YFA Executive Board
- ❖ Run for a Council position yourself

So why not join, make your voice heard and influence our collective work environment?

### **Membership Cost:**

YFA's membership dues are established by a vote of the membership and help cover the costs associated with running the YFA and paying for quality legal counsel, who work directly with us.

**Full-time faculty** dues are \$750 per year and will be automatically deducted on a ten-month basis.

**Part-time faculty** dues are calculated each term, in Fall and Spring, based on contracted % of teaching load. Dues are equal to your percentage of teaching load multiplied by \$375 per semester. Here are some examples:

<b>Load</b>	<b>Total YFA Dues (Per Semester)</b>
20%	20% of \$375.00 = \$75.00
33%	33% of \$375.00 = \$123.75
40%	40% of \$375.00 = \$150.00
60%	60% of \$375.00 = \$225.00
67%	67% of \$375.00 = \$251.25
